### **Do you have an order minimum?**

Our order minimum for local deliveries is \$200. We do offer "Grab N Go" Garlands for \$140. (You must pick up and have a large vehicle to fit the garland)

### **What location do you service?**

We are located in Jacksonville but wanderlust is our middle name. We are always up for a road trip for an additional cost.

### **How far in advance should I book?**

The sooner the better! We recommend at least 2 months in advance but we require 2 weeks notice. Last minute inquiries may require a 100% deposit.

### **How do I pay for my decor?**

After our team discusses all details with you we will send you an invoice and you will be able to pay with Debit or Credit. We require at least 50% deposit to book and also have payment plans!

### **What should I know about latex balloons?**

Our latex balloons are biodegradable which means they oxidize over time and can become matte. Installations outside will only last a day or two depending on the weather. We always try our best with outdoor installs but there should always be a Plan B especially with our crazy Florida weather! We also ask you to please recycle your balloons once used!

### **Why is there a delivery, set-up, pick-up and or strike fee?**

Our delivery charge depends on the location of the event and starts at \$45. While most decor items includes a standard setup fee, a separate set-up fee may be charge depending on the complexity of the installation and where special rigging, framework or equipment is required. A strike charge is when we return and remove the decor and retrieve our equipment, this is not required for all decor items.

Our standard delivery fee starts at \$45 and pickup fee of \$60 for standard deliveries/ strike. This applies to:

- ◆ Events within our preferred service areas. Pickup time before 10pm on the same date of event.
- ◆ Events outside of service areas, multiple steps, flight of stairs or story with no access elevator, requiring pickup after 11pm will incur an additional pickup fee.

### **How long do balloons last?**

**Indoor-** Many air filled balloon designs can last weeks indoors! The longevity of the balloons will depend on the environmental conditions of the space.

**Outdoor-** We cannot guarantee that balloons will last any specific amount of time when used outdoor. The sun, heat, wind, rain, etc., affects the lifespan of the balloons.

### **Do you donate balloons or offer discounts to non-profit organizations?**

We love our city...DDUUUUVVALLLL and love to support a good cause! Please reach out to us to discuss your organization and we hope we can help!
